

## Inspection Report

Permit Holder: Pacific Canbriam Energy Limited  
Inspection: 2026-1400  
Inspection Date: 2026-04-30  
Inspection Outcome: Non-Compliance(s) Found

### Inspection Comment:

Nice to see the oversized cellar grating system with jack stands to make for a level surface to walk on. Meters and meter runs are current in their service/calibrations. The c-f-23 well and facility are suspended properly.

Both test separators are compliant in their set up and nice to see chokes and back pressure valves being greased on a regular basis as they are in good shape.

An Inspection was conducted and as a result Non-Compliance(s) were found and must be corrected. For specifics on the Non-Compliances, refer to the **Non-Compliance Notice**.

To respond to these Non-Compliances, access the CM-IS Permit Holder Application.

Consideration should be given to checking your other locations for similar Non-Compliances.

The following were the only items that were inspected during this Inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this Inspection.
