

## Inspection Report

Permit Holder: FortisBC Energy Inc.  
Inspection: 2026-1800  
Inspection Date: 2026-05-28  
Inspection Outcome: Inspected

### Inspection Comment:

Inspection of the Fortis Oliver Cross-over station. This site is broken into 2 individual projects with separate contractors completing each project. An inspection was completed on the Pipeworx Ltd project, pig barrel replacement and bypass, being managed by Fortis Construction. The second contractor site is being managed by Fortis Operations and was not active at the time of inspection. A follow-up inspection will be completed for that site.

Inspection with the operator of the Oliver Cross Over Station WP4. Pig barrel replacements and bypass. Line locating and line of sight for line locating was observed with no concerns noted. Excavation to expose pipe is active, initially by excavator and hydrovac when close to the pipe. Air quality monitoring is active in all excavations. Soils are being stockpiled and covered. No contamination found at this site to date.

There are 4 stopples required to bypass the site, on the 10" and 12" lines. Gas will be by-passed by an 8" line through the site. There are two 4" lines that will be included as part of the bypass.

Existing pig barrels are in place and will be removed once the bypass is active. Concrete pillars will be constructed and new infrastructure completed.

QC for Pipeworx consists of the same materials and procedures as WP2 & WP3, see inspection number 2026-1799 for specifics.

Welding for the stopples is being done by the Stats Group, a third-party contractor,

A satisfactory inspection was conducted.

The following were the only items that were inspected during this inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this inspection.

Permit: 100003930  
Pipeline Project ID: 000001684  
Segment IDs (Location): 20 (From NTS: D- 093-I/082-E-04 To NTS: D- 093-I/082-E-04)

Permit: 100008269  
Pipeline Project ID: 000003502  
Segment IDs (Location): 9 (From NTS: D- 093-I/082-E-04 To NTS: D- 093-I/082-E-04)

Permit: 100008339  
Pipeline Project ID: 000003506  
Segment IDs (Location): 1 (From NTS: D- 093-I/082-E-04 To NTS: B- 082-I/082-E-04)

Permit: 100003930

Permit: 100008269

Permit: 100008339
