

Inspection Report

Permit Holder: Canadian Natural Resources Limited
Inspection: 2026-2010
Inspection Date: 2026-06-12
Inspection Outcome: Inspected

Inspection Comment:

Observations;

Wells are active. All of the isolation valves to ESD devices are carsealed in the open position and compliant.

There are a few scentless chamomile plants on site and there is not a lot of them so they could be dealt with individually.

The produced water tank farm and group test skid are not in use.

There is a part barrel of coolant outside the water station. The bay of the building has quite a few totes of chemicals stored inside.

A satisfactory Inspection was conducted.

The following were the only items that were inspected during this Inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this Inspection.
