

Inspection Report

Permit Holder: ARC Resources Ltd.
Inspection: 2026-2906
Inspection Date: 2026-08-12
Inspection Outcome: Inspected

Inspection Comment:

The original well is properly suspended with a pipe barricade surrounding the wellhead. The lease has been cleared/re-established and excavated to a depth of about 50 cm -1 m.

The newly drilled well is classed as a disposal well and only has a properly suspended well head. There is no facility established as of yet and a facility permit and number has been approved.

No concerns noted at the time of inspection.

A satisfactory Inspection was conducted.

The following were the only items that were inspected during this Inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this Inspection.
