

## Inspection Report

Permit Holder: Aitken Creek Gas Storage Ltd.

Inspection: 2026-3171

Inspection Date: 2026-08-27

Inspection Outcome: Inspected

### Inspection Comment:

Risk & Data Informed inspection of surface equipment on site.

Performed inspection of location at 1353HRS.

Access road- No concerns at the time of inspection.

Lease environment- Limited vegetation on lease. No erosion sediment or water runoff concerns.

Lease Equipment: [observation] Well appears inactive at time of inspection. Barricades in place. Signage in place. Positive isolation maintained (flow lines removed). Valve Handles chained, locked and secure. Surface casing vent flow test-Flow detected from glove test (glove filled in 1 min). Performed bubble test from 1400 to 1410- bubbles immediately observed and constant (See attached). Internal records indicate pressure test was completed April 2026 and determined to be non-serious. Note: report does not provide details on flow rate, build-up pressure or shut in duration.

A satisfactory Inspection was conducted.

The following were the only items that were inspected during this Inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this Inspection.

Permit: 100012067
