Inspection Comment:

This is a multi well lease. Some meter run calibrations/orifice plate inspections will be coming due while others are current. It was noted that some of the surface casing vents are undergoing testing. The chemical tanks are compliant in their set up. The test separator is compliant in its set up and operation. Some wells are set up with a gas lift system. While there are some deficiencies, the site is in good shape.

An Inspection was conducted and as a result Non-Compliance(s) were found and must be corrected. For specifics on the Non-Compliances, refer to the **Non-Compliance Notice**.
