

Inspection Report

Permit Holder: Canadian Natural Resources Limited
Inspection: 2026-3426
Inspection Date: 2026-09-23
Inspection Outcome: Non-Compliance(s) Found

Inspection Comment:

This is a single well pad with basic equipment. The lease sign is in need of some attention. The sign is only held on by one nut and bolt and the post is on an angle. The well has a service tag from Sept 10 2026 in regards to the master valve bearing. Has this been addressed or in a service request?

An Inspection was conducted and as a result Non-Compliance(s) were found and must be corrected. For specifics on the Non-Compliances, refer to the **Non-Compliance Notice**.

To respond to these Non-Compliances, access the CM-IS Permit Holder Application.

Consideration should be given to checking your other locations for similar Non-Compliances.

The following were the only items that were inspected during this Inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this Inspection.
