

Inspection Report

Permit Holder: PETRONAS Energy Canada Ltd.

Inspection: 2026-3449

Inspection Date: 2026-10-01

Inspection Outcome: Inspected

Inspection Comment:

This is a single well pad. The well has been suspended properly. The facility has been removed and just a pipeline riser remains. The area around the well head has been herbicided to reduce the fire hazard.

A satisfactory Inspection was conducted.

The following were the only items that were inspected during this Inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this Inspection.
