

## Inspection Report

Permit Holder: Canadian Natural Resources Limited

Inspection: 2026-3508

Inspection Date: 2026-10-13

Inspection Outcome: Inspected

### Inspection Comment:

Please check your bonding and grounding of the portable solar powered chemical skids. One is inconsistent with the other two skids.

Tank farm, vertical and horizontal separator skids are compliant in their set up and function.

While the d-8-F well head has been suspended, the valves still need to be chained and locked.

A satisfactory inspection was conducted.

The following were the only items that were inspected during this inspection and does not absolve the company of Non-Compliances which may not have been observed, nor any Non-Compliances which occur subsequent to this inspection.

Permit: 100072206

Well ID: 26622

Well Name: CNRL BLAIR D- 008-F/094-B-16
